Located in the posh Cherry Creek North neighborhood about 10 minutes from downtown, the Halcyon Hotel offers 154 upscale rooms full of playful touches. Guests enter at a coffee-bar style lobby and are offered complimentary cappuccinos or glasses of wine as they complete check in. A "gear garage" near the lobby is free to guests and full of electric bikes, vespas, and even night-vision goggles. Upstairs, the rooms have chrome details, a gray and cream color palette with splashes of chevron, and mid-mod styling complete with ready-to-use record players. Don't miss the jaw-dropping rooftop pool—open year round—and the hotel's Range Rover courtesy car.
